

Llantilio Pertholey Church in Wales Primary

Dear Parents and Carers,

I hope this letter finds you and your family in good health.

Firstly, thank you to those of you who have been waiting on further information regarding HUB provision for your patience. Thank you to all parents who have completed the form regarding the HUB provision. There seemed to be a glitch for some who were trying to access via a mobile phone. Please do not worry if you have had difficulties. If you have emailed us the details that is fine.

Thank to those of you who have supervised your children completing and uploading the school work this week. We understand that this is not an easy option for many of us. Home learning and distance teaching is a challenge for all! Please be assured that we are here for you if you are experiencing any difficulties with the technology or the work itself.

Please note that we are unable to print work out. Teachers are working from home. The work does not need to be printed. We have provided every child with a book to complete work in. We have also loaned out IT equipment to the most needy families.

As I wrote yesterday, it is important that **all** children engage with the online learning. We need to do our very best to ensure that our youngsters do not fall behind in their learning. I have asked teachers to **call any parents of pupils who do not upload work to SeeSaw** and to keep me informed.

We will be open for educational support for our most vulnerable pupils and for children of keyworkers. From Wednesday 6th January—Friday 15th January, the school will be open from **8.45am–3.45pm** for the applications that have been accepted. We will offer breakfast for any pupils who come to school during this time. Please could all children bring refreshments and lunch to last them for the whole time they are in the HUB.

Transport will continue to be provided for those children who usually access it.

If you have any queries please could you **email** the school. We are trying to reduce the number of members of staff in school. We may not be able to answer the phone or listen to phone messages. However, emails are able to be monitored away from school.

I will be using this time to review the risk assessment in school. It is very important to keep our pupils, parents and school staff as safe as possible when we do return.

I will let you know any further information as I get clarification.

Many thanks for your understanding.

(headteacher)
